Hi Emily,

Not a problem! Most of our communication with Chief Laforet has been verbal but I can certainly comment on the information he has been providing within those verbal updates.

For example, he has previously reported on:

- Any changes or news that has taken place since our last communication whether that's on the bridge status, on-going implementation of barriers/traffic control plans, if any additional intersections have opened up along Huron Church Road, etc.
- Any anticipated or planned demonstrations (he recently reported that there were social media reports of a protest at the waterfront this weekend, police are aware and we are also monitoring social media and news outlet)
- Any actual or anticipated impacts from any anticipated or planned demonstrations
- Any planned meetings or activities we should be aware of so we know when to reach out for any updates

I have attached a few emails we have previously received from Chief Laforet as an example of some of the updates we have received. We certainly understand that this is still an on-going police matter so even if the situation remains status quo, that information is helpful for our awareness as well, we also continue to check in on the Windsor Police social media and public news updates for any changes. If you prefer we check in through a phone call, I am more than happy to coordinate that as well.

I hope this is helpful but please feel free to let me know if you'd like any further information!

Best regards,

Holly Robert

Sounds good Holly, would you mind forwarding me an update my chief sent this past week? I want to ensure we stay consistent in how we are updating you.

Good morning Emily,

It is so great to hear from you! Thank you for your kind words, I am certainly excited for this new adventure and to be able to support the communities I grew up in.

I am happy to hear that things have settled down enough to allow you to be able to sleep in your bed again, I can only imagine how tired you must be after the last several days! I understand you have a lot to catch up on today so Darin and I will keep our outreach to you on an as needed basis today. As a heads up, we will likely reach out this afternoon (around 2:30-3pm) via email for a quick check in, as the PEOC will be preparing a situation report for this afternoon/evening (and again on Sunday and Monday). We will also be monitoring the situation throughout the day, so please don't hesitate to reach out to Darin or myself if you need anything or if anything significant develops.

Best regards,

Holly Robert

Thanks Holly! I was happy to see you've moved to the field officer position, good for you!

I have been working quite literally 24/7 (sleeping at the EOC) but have been able to sleep in my own bed the past couple of nights. I have quite a few emails to catch up on but plan to do so tomorrow and I'll reach out then if I have any questions/concerns but we are hoping it will be a much calmer weekend.

Thank you for the additional information Chief. We hope you have a great weekend and Family Day and look forward to connecting with you upon your return.

Emily – We look forward to working with you! Please do not hesitate to reach out to Darin or myself tomorrow if you have any questions or require any assistance.

Best regards,

Holly Robert

Good afternoon,
I am leaving tomorrow for a week. In my absence please connect with Emily – you will be in good hands.

Good afternoon Chief Laforet and Emily,

I wanted to introduce you to my new colleague in the Bruce sector, Field Officer Darin Dees. Darin was one of the successful candidates in our recent hiring at EMO Field Operations and has extensive emergency management experience, please see Darin's introduction below.

> Prior to this role, Darin served as an emergency management coordinator for the Canadian Red Cross. Besides a lot of practical response, deployment experience and stakeholder engagement, he has been a leader in safety, wellbeing and psychosocial support. Darin has hands on exercise planning experience along with volunteer, and staff engagement. Darin comes with a Masters in spiritual care and has served at various NGO's for over 30 years. Darin lives near London enjoys motorcycling, family board games, and cottage renovations.

Darin will be supporting the virtual deployment as we continue to monitor over the weekend for protest related activities in St. Clair Sector communities. Please add Darin to any EMO email correspondence, meetings and phone calls to support his engagement with the City of Windsor. He can be reached at [redacted] and is CC'd above. We understand that Chief Laforet will be unavailable over the weekend and we look forward to connecting with Emily as needed.

Darin and I will be off duty at 5:00pm tonight. For any municipal emergency or requests, please contact the PEOC at 416-314-0472. Darin and I will be back on-duty tomorrow morning. If you could please CC us on any overnight issues or events, that would be greatly appreciated.

Best regards,

Holly Robert
